PROTECT YOUR
INVESTMENT

with Preventive Maintenance

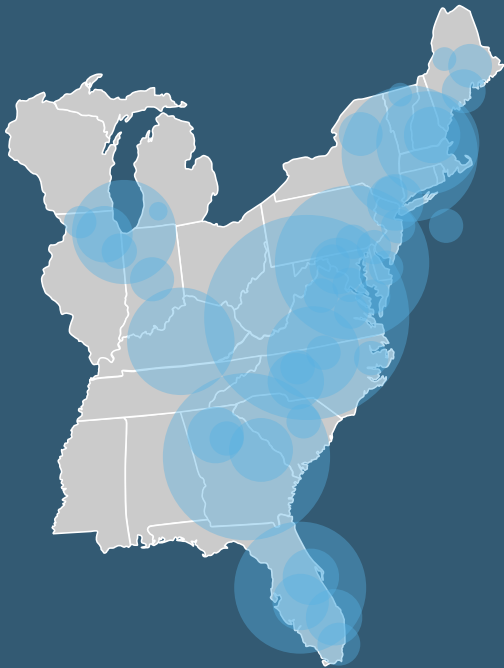

HERE'S THE HEARTLINE DIFFERENCE

We Sweat the Details

- ◎ 40+ years of experience
- ◎ Concept-to-completion service and beyond — it's all in-house
- ◎ Complimentary amenity assessments to maximize design efficacy
- ◎ Bundling and discount options for clients with multiple properties

Servicing the East Coast and Midwest Metropolitan Areas

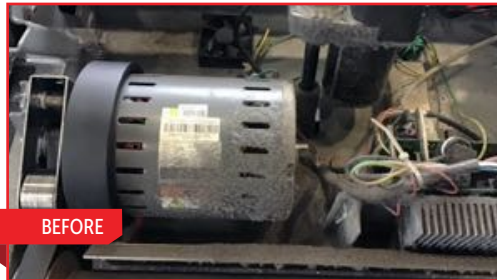

WHY PREVENTIVE MAINTENANCE?

- ✓ Reduce surprise expenses
- ✓ Reduce the possibility of negligence lawsuits
- ✓ Improve safety
- ✓ Meet the terms of your warranty
- ✓ Fewer tenant complaints
- ✓ Extend equipment's lifespan

See the Difference That Preventive Maintenance Makes!

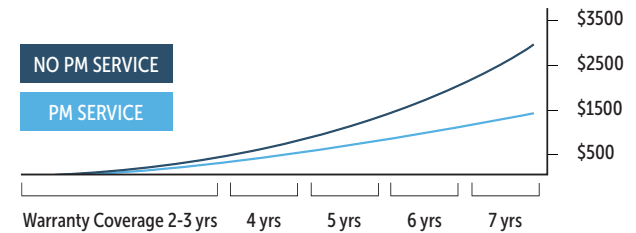

DISINFECT & PROTECT

Bleach, hydrogen peroxide, ammonia, and alcohol-based chemicals can damage your gym equipment's surfaces and electronics. Our **DISINFECT & PROTECT PROGRAM** reduces the spread of pathogens between disinfection processes. This protects your gym for months at a time from harmful surface pathogens like: Staphylococcus (staph) infections, MRSA, Rotavirus, & Influenza Type A2

Cost Of Ownership

Don't let emergency repair bills pile up!

DID YOU KNOW...

- ◎ Dirt and dust buildup can wear down and break your fitness equipment?
- ◎ Most manufacturers require regular maintenance to validate your equipment's warranty?
- ◎ Faulty gym equipment could cause serious injury?
- ◎ Bacteria and viruses build up on equipment surfaces, even with regular wipedowns?
